Version 1.0

Safety Instructions

- Do not point the CO2 blaster directly towards any people or animals.
- Ensure there are no loose objects in the direction of the CO2 blaster which can be damaged.
- Ensure the CO2 bottle is placed upright on a secure surface.
- Do not operate in any location where dust, excessive heat, water or humidity may affect the product.
- Do not operate this device if the housing, cables or hoses appear damaged.

Usage Instructions

- Insert the batteries into the battery compartment. Requires 8x AA batteries.
- Connect one end of the CO2 hose to the CO2 bottle and the other end to the CO2GUNLED.
- Open the valve on the CO2 bottle.
- Squeeze the trigger when ready.

After use, turn off the valve and release any gas remaining in the hose before turning off the power and disconnecting the hoses.
