# AFC-1 Fan Controller

## Information

### Product Description

The Antari AFC-1 Fan Controller is an optional accessory for the AF-10 and AF-14 high-velocity fans, offering advanced control via DMX, W-DMX, or wireless remote. Built for professionals, it features variable speed adjustment and a built-in timer function, allowing precise control over airflow duration and intensity. Whether using wired or wireless control, the AFC-1 Fan Controller delivers smooth, flexible operation to unlock the full potential of your AF-10 and AF-14 fans.
